

Museum Programs

- 94,178 students, teachers and groups made visits to the Museum.
- 9,936 students attended Museum labs and demonstrations designed to augment classroom curriculum and complement our films and exhibits, an 18% increase over prior year.
- 872 children attended the Museum's camp programs.
- 16,673 students were served by the Museum-on-Wheels school and youth outreach program, a 17% increase over prior year.

- 1,752 youth enjoyed a night at the Museum in the Museum's overnight camp-in program. Camp-in revenue increased by 7%.
- 3,344 children and parents attended 102 birthday parties at the Museum.
- Science is Everywhere, the Museum's science literacy outreach program for pre-K children, teachers and caregivers, served 247 children, a 50% increase over prior year.
- Museum's education staff trained 30 Broward County teachers in science curriculum development, hands-on activities and teaching techniques in areas of early childhood education, physical and biological science.
- 713 live science demonstrations were served at the Science Café.

- 1,487 table talks and informal presentations were served at various locations throughout the Museum.
- The Museum continued its Podcast programs, augmenting the opening of three traveling exhibitions: Reptiles: Real and Robotic; Frogs: A Chorus of Colors; and The Climate Change Show.
- Through internships and programs funded by the Division of Forestry, high school student interns and Museum staff delivered 181 programs on urban forestry and conservation.

- Thanks to the Jerry Taylor & Nancy Bryant Fund, four young adults were served by the Museum's paid internship and mentoring program for youth transitioning out of the foster care system.
- Staff and volunteers delivered 3,140 Animal Encounter programs to Museum visitors.
- The Community Foundation of Broward supported three high school students' participation in YATSEE (Youth Achievement through Science Enrichment and Employment), an earn-as-you-learn intern/mentorship program for inner-city high school students.

- Sea Turtle Walks sold out with 759 participants, a 42% increase over prior year.
